1. Day of Studies

=====

In the centre of attention of this year's Day of Studies are projects and experiences on the topic of digital teaching and digitally supported teaching.

Students can describe their experiences during a short and anonymous survey. In the course of the Day of Studies on 16 November 2022, the feedback was discussed at the schools and were the topic of a panel discussion.

2. Public Climate School

=====

During the week from 7 November until 11 November 2022, there was an action week on the topic "Climate justice" and "Sustainability", organised by the group Students for Future Wuppertal. The motto of the week is "*Climate change education for everyone*"!

Not only students, but also everyone else is cordially invited to the events!
